SERVICE CENTER
POWERING ELECTRIC MOBILITY[®]

www.ipowerbatteries.in

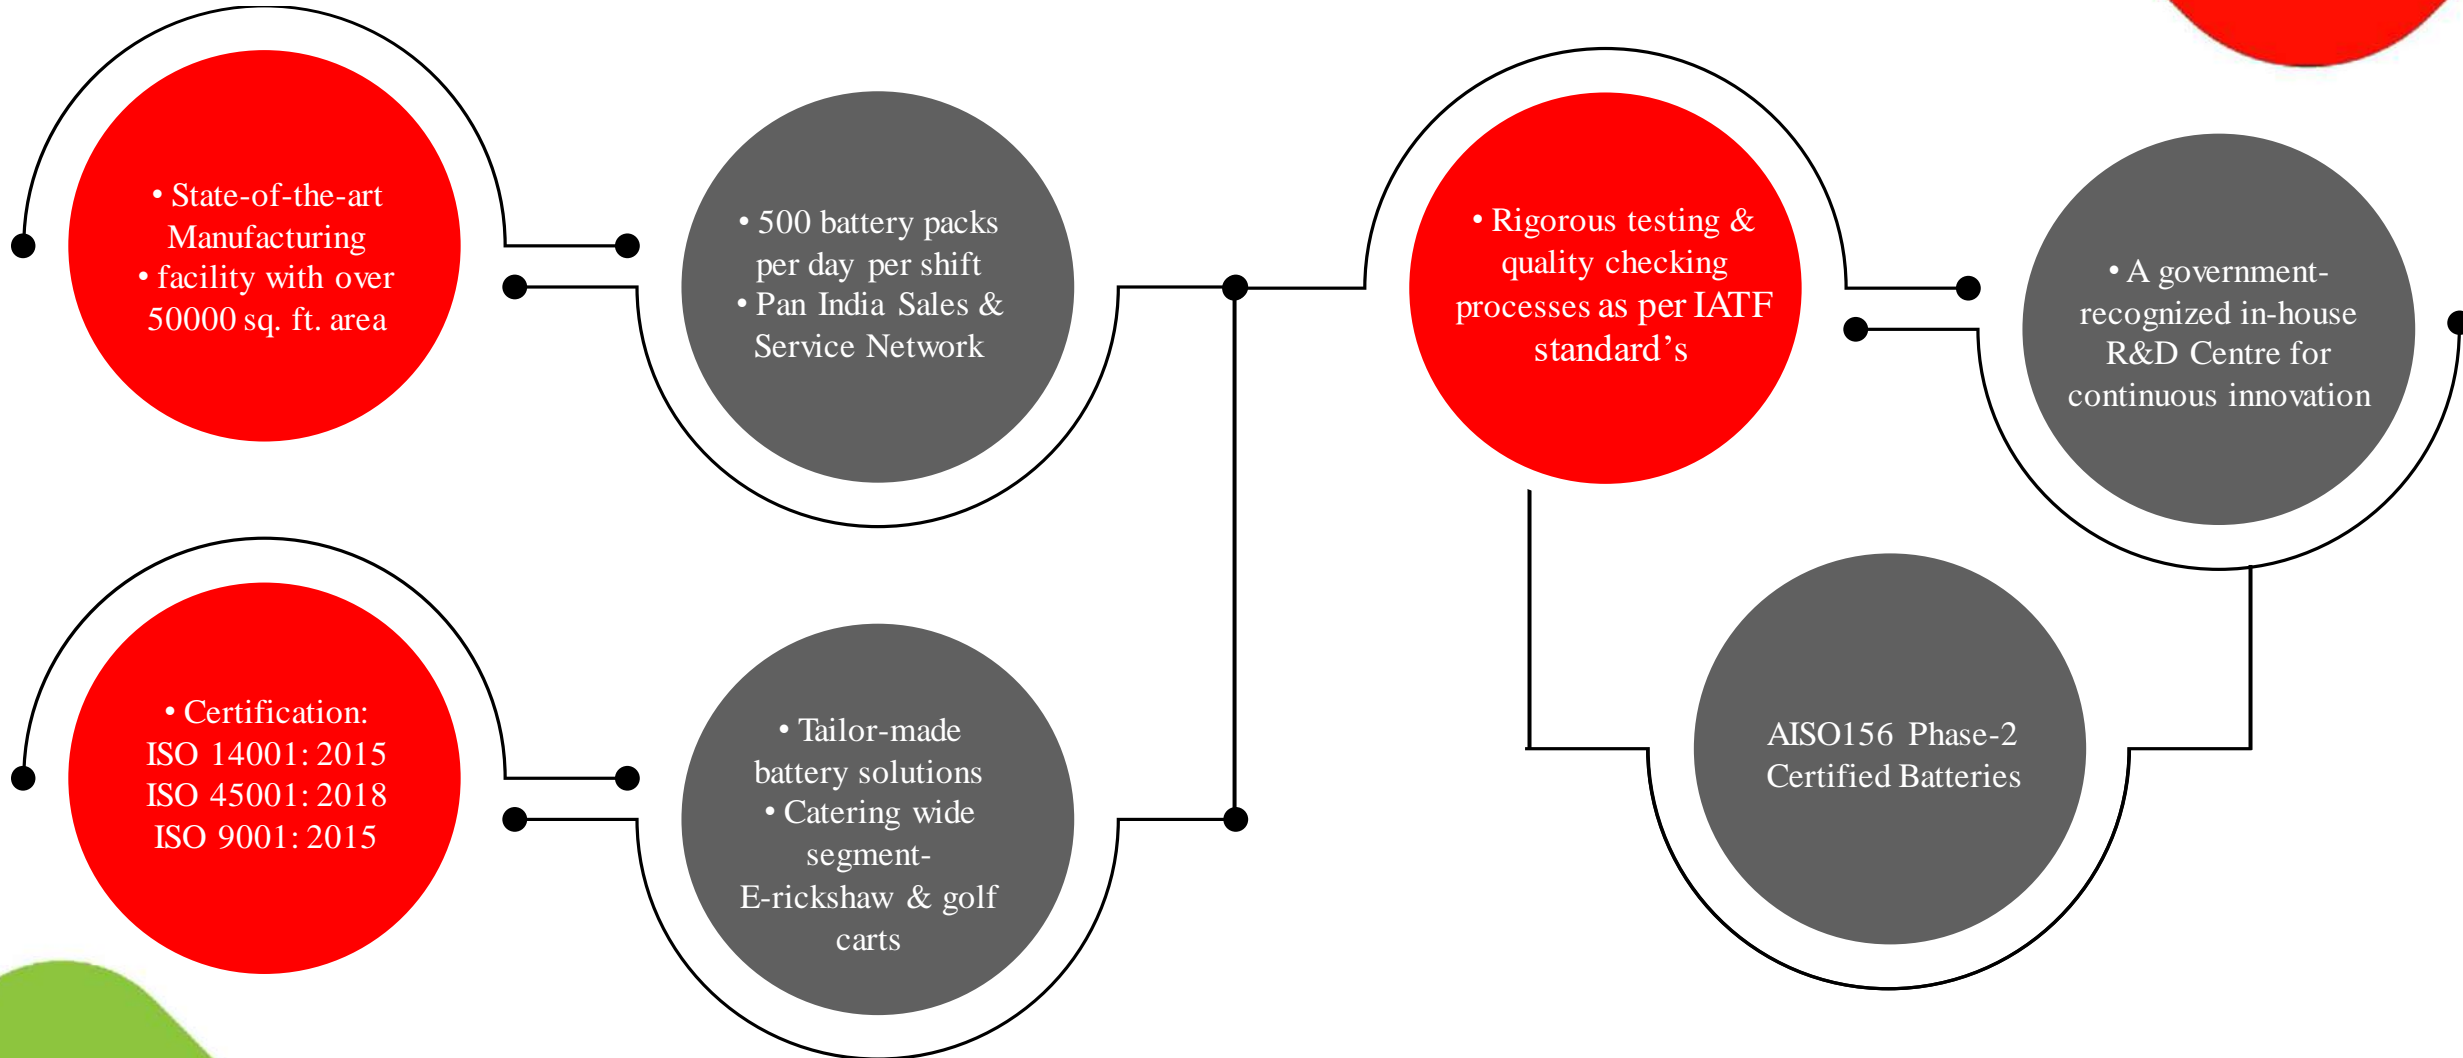

ABOUT IPOWER BATTERIES

1. An organization with more than 3 decade of experience of serving power backup sector with its BATTERIES and now helping the India's E-mobility drive with its AIS 156 Phase 2 certified batteries.
2. We develop & manufacture tailor made batteries for electric vehicles like 2W, 3W, ESS & Telecom.

OUR STRENGTH

SERVICE CENTRE CONCEPT

- 01 ➤ The market size of lithium batteries is growing in India. India has more than 2.78 lakh registered EVs. After a certain interval, there will be a lot of people who will need the regular EV and Battery servicing & upgradation.
- 02 ➤ Every EV user will need regular battery check ups for both safety and efficient performance purposes.

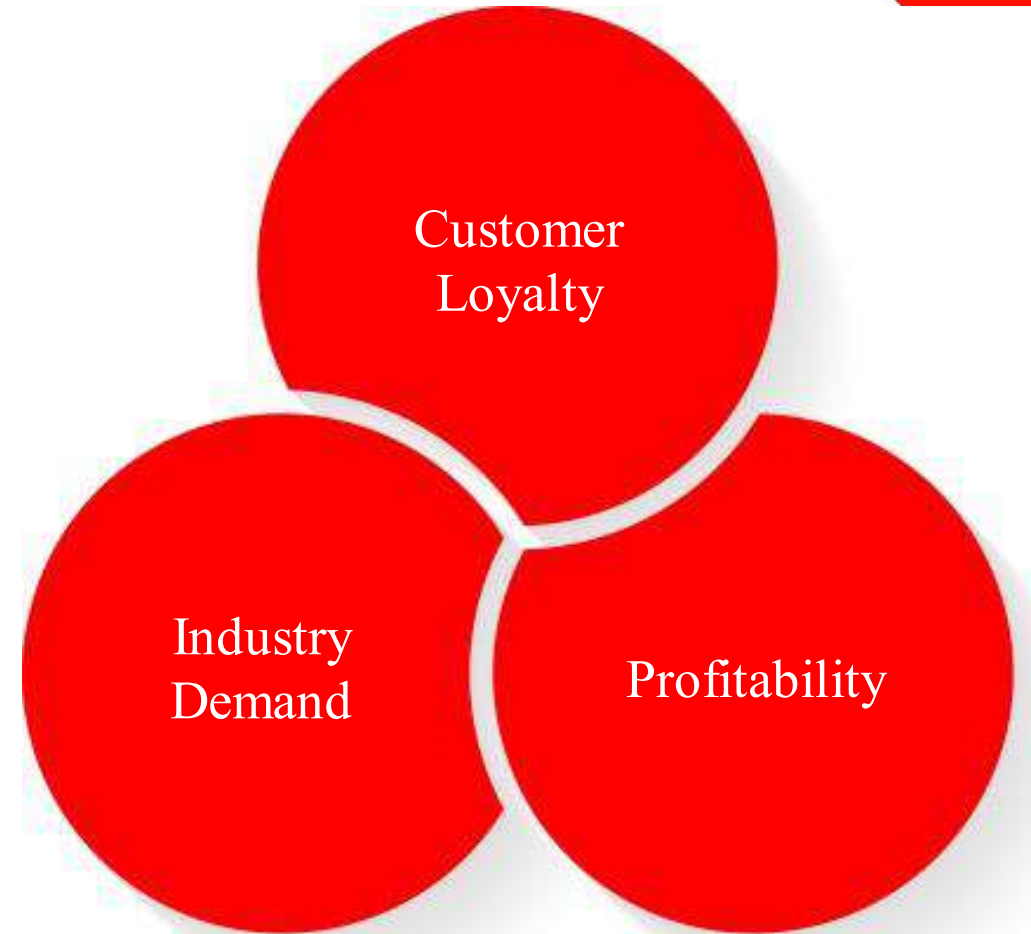

IPOWER SERVICE

CENTRE

Lithium battery is a totally growing market, and that's why its servicing needs a unique approach, such as:

Answering the rising demand, Ipower introduced the first-of-its-kind advanced service centre for EV batteries all over India.
